Respond By Date	12/15/2023

Dear Deborah Larsen,

Introduction:

We have reviewed your response to our November 2, 2023, objection letter. The following issues will require your attention.

Objection 1

- Entire Manual, null (Rate)

Comments: Rule 46 - Automatic Trend Factor - will need to be removed or a statement needs to be added stating "Trend Factors do not apply in Virginia".

This statement also needs to be added to the rate page RP-27A.

Objection 2

- Supporting Documentation - TransUnion 2.1 Document and HDLI Auto Size and Class Definitions (Supporting Document)

Comments: The entire TransUnion VHS model will need to be filed, and it cannot be filed on the confidential filing.

Objection 3

- Entire Manual, null (Rate)

Comments: We can accept the information provided regarding the vehicle classes from the Highway Loss Data Institute. However, in regard to the vehicle characteristics "power to weight ratio and height to weight ratio" we need to know exactly how this is calculated, any rate level variations that may exist and all makes and models which these characteristics are applicable to. We also need actuarial justification for using these characteristics. Rules are reviewed as supplementary rate information pursuant to §38.2-1906, and anything that cannot be supported will need to be removed from the rate formation.

Conclusion:

Should you have any questions, or if you would like to discuss this issue, please feel free to contact me at 804-371-9537 or email at Jeanne.brannan@scc.virginia.gov.

Sincerely,

Jeanne Brannan

Respond By Date	11/30/2023

Dear Deborah Larsen,

Introduction:

Thank you for your submission of August 7, 2023. We have conducted our review and the following issue will require your attention.

Objection 1

- Entire Manual, null (Rate)

Comments: Please refer to Rule 6 - Suspension of Coverages - For the military suspension, please amend the rule to add the following detailed information regarding the military suspension rule. In accordance with Virginia Code § 38.2-2205.1, Each insurer issuing or delivering a policy or contract of motor vehicle insurance that includes coverage for bodily injury or property damage liability arising from the ownership, maintenance or use of any motor vehicle as provided in this chapter, shall suspend any coverage for any motor vehicle at the request of a named insured ordered to military duty outside this Commonwealth, or his personal representative, during any period that the motor vehicle is impounded in a motor vehicle impound lot on a military base of the United States Armed Forces, the Reserves of the United States Armed Forces or the National Guard. However, an insurer may decline to suspend such coverage (i) unless satisfactory evidence of such impoundment is furnished to it, or (ii) if the period for which coverage suspension is requested is less than thirty days. The suspended coverage shall be reinstated upon request of the named insured, or his personal representative, effective not earlier than the receipt of such request by the insurer or any of its authorized representatives.

Objection 2

- Entire Manual, null (Rate)

Comments: Please refer to Rule 21 - Defensive Driver Discount. Number 1. and 3. need to be removed from the section "An Operator does not qualify for this discount if the Operator..." Section 38.2 - 2217 of the Code of Virginia does not give any stipulations for an insured to get this discount if they have completed the course. Therefore, please remove these statements.

Objection 3

- Entire Manual, null (Rate)

Comments: Please refer to Rule 46 - Automatic Trend Factor - It is not acceptable for the company to use a monthly trend factor, as this is a violation of Virginia Code § 38.2-1904, and this factor must be removed from the rating steps. By filing and using a monthly trend factor, the company is not conducting an appropriate rate analysis. Section 38.2-1904.B.1 outlines the factors that must be considered in determining whether rates comply with the provisions of the statute. The file-and-use rate filing system in Virginia affords insurers the flexibility to adjust rates as necessary by submitting rate changes after evaluating loss experience and other factors.

Objection 4

- Entire Manual, null (Rate)

Comments: Please refer to Rule 8 - Assignment of Rating Territory. Please amend the rule by explaining how the company is getting and assigning the location zone number.

Objection 5

- Entire Manual, null (Rate)

Comments: Please file the model for the Vehicle History Score. It appears to be the TransUnion model that is filed under the trade secret filing. See the trade secret filing objection in regard to the TransUnion model.

TOI/Sub-TOI: 19.0 Personal Auto/19.0001 Private Passenger Auto (PPA)
Product Name: ANAIC PPA
Project Name/Number: Introduction of ANAIC Auto/RITM05360685

Objection 6

- Entire Manual, null (Rate)

Comments: There are several references to PIP (Personal Injury Protection) in the rate and rule manuals. Please remove all references to PIP or Personal Injury Protection as Virginia does not have this coverage. Virginia's coverage should be labeled as Medical Expense and Income Loss Benefits.

In addition, the Income Loss Benefit coverage amount offered needs to be listed with the Limit Rating Factors.

Objection 7

- Entire Manual, null (Rate)

Comments: Please refer to Rule 37 - Vehicle Characteristics and Rate tables for Variable Interaction Factors - The company must amend the rule to

provide definitions for the various vehicle classes and sizes included within the factor tables. For example, the definitions must be sufficient to distinguish between small, micro, mini, etc. as well as luxury, sport, etc.

In addition, also amend the rule to explain the reasoning for the use of the characteristics - Power to Weight Ratio Factor and Height to Length Ratio Factor.

Objection 8

- Entire Manual, null (Rate)

Comments: Please explain the Location Zones. What does the zone number stand for (a GPS coordinate)? If these are Latitude/Longitude coordinates, each one will need to be defined. Where is the company obtaining this information from.

Objection 9

- Entire Manual, null (Rate)

Comments: Will the company be using symbols? Where will the symbol pages be filed?

Conclusion:

Trade secret materials

Comments:

Good morning,

The trade secret materials and trade secret form TSP-1 must be extracted from this submission and submitted in a separate filing in order to maintain the confidentiality. Please remove these materials from this submission and submit a separate filing with the entire submission marked confidential. The Bureau has concerns with the ability the maintain the confidentiality when public and trade secret materials are submitted within the same filing.

Thank you,

Phyllis Oates
