Filing Description:

With this filing, Allstate is introducing an interaction between Make and Model Year as a rating variable for the Allstate Property and Casualty Insurance Company (APC) Private Passenger Auto (PPA) program in the Commonwealth of Virginia using the Supplementary Multiplicative Factor Table.

The rate level impact of this change is targeted to be 0.0%. In order to achieve this, Rate Adjustment Factors have been revised.

With this filing, Allstate is also updating Section D – Policy Related of Rule 1 - Definitions. This change is for clarification purposes only. This update will have no impact on policy premiums.

Further information regarding these changes can be found in the enclosed attachments.

This change will apply to new business written on or after September 18, 2023 and for renewals effective on or after October 19, 2023.

Comment: Effective 7/1/2020, SB 246 was enacted and allows individuals to choose a non-binary (gender neutral) designation on their driver's license. Virginia Code § 38.2-2213 prohibits insurers from refusing to issue coverage based on gender identity. Since the company currently includes rates based on male or female, it does not appear that the company currently has a rating rule on file for individuals that identify as non-binary. This could result in penalties or fines for failure to have an appropriate rating rule on file. Please submit this information as soon as possible.
