Filing Description:

We are submitting our combination of ISO forms, modified ISO forms, and proprietary forms for compliance with the changes stemming from the recent law change in Virginia regarding Fire Insurance.

This filing includes a reference table for the reviewers indicating which form is an ISO form, modified from ISO, and proprietary. All forms have been reassigned an Allstate-specific form number regardless of that form being proprietary or ISO. Most proprietary forms are based on previously approved Allstate forms.

Respond By Date

Dear Deborah Larsen,

Introduction:

The Bureau wishes to thank the company for their time with this filing. At this time, we are unable to approve this filing due to the below mentioned objection. Please note that this Objection Letter is being followed up with a disapproval disposition report.

When the company is prepared to respond to all objections, please contact the reviewer to request that the filing be re-opened.

Objection 1

- Forms Guide (Supporting Document)

Comments: The company has provided information that it is possible water back up claims have been denied when the origination of the back up did not take place on the residence premises.

As set forth in §38.2-2120, there is no origination limitation outlined by the statute. The statute specifically speaks to the coverage which must be provided for the loss specified. The company may not restrict coverage which is not detailed by the Code of Virginia.

AVP594 must be offered to all owner-occupied homeowners and the insured may always elect to choose AVP593 instead. With the company's response, the forms list must be updated.

Furthermore, with the company's response, please provide the count from the last 5 years of claims which were denied based on the company's interpretation of origination. The company must submit an outline of the claims process utilized to investigate the matter of origination as well as onsite inspections or vendors utilized to determine the same.

Conclusion:

Please feel free to reach out to myself if there is anything I can assist with: jessica.baggarley@scc.virginia.gov.

Sincerely,

Jessica Baggarley

Objection Letter

Objection Letter Status	Info requested from Company
Objection Letter Date	05/09/2024
Submitted Date	05/09/2024
Respond By Date	05/23/2024

Dear Deborah Larsen,

Introduction:

Thank you for the company's time and objection responses submitted on 04/23/2024. Please review the following which requires the company's attention.

Objection 1

- Homeowners Policy, AVP579, N/A (Form)
- Special Provisions, AVP581, N/A (Form)

Comments: The Bureau acknowledges this objection was included in other filings but not in this one. The form and endorsement require amendment to include page numbers. Because of the size of both, it is critical page numbers are included for clarity of the content.

Objection 2

- Forms Guide (Supporting Document)

Comments: The forms guides must be amended to outline AVP594 will be offered with both the homeowners and the condo program. This endorsement provides the offer of coverage as required by §38.2-2120.

Objection 3

- Building Structure Replacement Cost Extended Limits Endorsement, AVP607, N/A (Form)
- Building Structure Replacement Cost Extended Limits Endorsement, AVP608, N/A (Form)

Comments: Please reference the company's endorsement AVP581. The company has only amended 2.a.(1) currently within the two building structure endorsements, which then leaves 2.a., b. and c. still in AVP 581.

The company appears to be removing the threshold of 80% insurance to value requirement, which is acceptable, to provide the insured the coverage for up to 120%. The company may retain the 100% requirement for this broadened coverage in A. but must correctly remove the conflicting sections from AVP 581.

The order of attachment must work so the percentages outlined in AVP 581 are not applicable when this endorsement is attached.

Objection 4

- Dwelling in the Course of Construction Endorsement, AVP610, N/A (Form)

Comments: This amendment is required. The Bureau will proceed with disapproval of the entire filing if the amendment is not made. When the company issues a policy on a dwelling which is in the course of construction, the dwelling limit of coverage must be the Coverage A amount for which the company has taken premium for.

The company may not place the amount of insurance on a sliding scale in proportion to the completed construction amount. The endorsement must be amended to remove this provision. This is a required change.

Objection 5

- Additional Insured for Condominium Limited Liability Company, AVP633, N/A (Form)

Comments: V. must be removed on page 2. If the policy is issued in the name of the LLC then the cancellation provisions are applicable. The company may not add additional cancellation provisions aside from those set forth in §38.2-2114.

Objection Letter

Objection Letter Status	Info requested from Company
Objection Letter Date	04/10/2024
Submitted Date	04/10/2024
Respond By Date	04/23/2024

Dear Deborah Larsen,

Introduction:

Thank you for the company's time and objection responses submitted on 04/05/2024. Please review the following which requires the company's attention.

Objection 1

- Credit Card Electronic Fund Transfer Card or Access Device Forgery and Counterfeit Money Coverage, AVP643, N/A (Form)

Comments: It appears the HO 00 04 form is not offered by any of the underwriting companies whose programs have been filed currently. If this form will not be offered, the endorsement must be amended to remove the mention of the same.

****Please double check all endorsements the company has submitted to verify there is no mention of base forms or endorsements which the company does not intend to offer in any of the Group's underwriting companies.****

Objection 2

- Objection Response SERFF Forms Schedules 4-5-24 (Supporting Document)

Comments: The forms guides must be amended to outline AVP594 will be offered with both the homeowners and the condo program. This endorsement provides the offer of coverage as required by §38.2-2120.

Objection 3

- Building Structure Replacement Cost Extended Limits Endorsement, AVP607, N/A (Form)

- Building Structure Replacement Cost Extended Limits Endorsement, AVP608, N/A (Form)

Comments: It appears the company may intend to also amend 2.a.

2.a. details the 80% insurance to value requirement but it appears the company will require a 100% insurance to value requirement as outlined in A. of the endorsement.

Objection 4

- Dwelling in the Course of Construction Endorsement, AVP610, N/A (Form)

Comments: When the company issues a policy on a dwelling which is in the course of construction, the dwelling limit of coverage must be the Coverage A amount for which the company has taken premium for. The company may not place the amount of insurance on a sliding scale in proportion to the completed construction amount. The endorsement must be amended to remove this provision. This is a required change.

Regardless, the loss settlement conditions remain intact. If only 50% of the dwelling is complete, there is only 50% of damage which requires repair or replacement.

The coverage for theft must be amended in the 2nd to last paragraph. There is coverage in the base form for theft when the dwelling is completed and occupied already.

Objection 5

- Extended Coverage on Cameras Endorsement, AVP612, N/A (Form)

- Extended Coverage on Musical Instruments Endorsement, AVP613, N/A (Form)

State: Virginia **First Filing Company:** Allstate Indemnity Company, ...
TOI/Sub-TOI: 04.0 Homeowners/04.0000 Homeowners Sub-TOI Combinations
Product Name: AVPIC AI HO CON MFH
Project Name/Number: Rules Governing Content/RITM05745157

- Extended Coverage on Sports Equipment Endorsement, AVP614, N/A (Form)

Comments: The endorsements still require amendment where the exclusion is referenced. The endorsement may not amend the exclusion in the homeowners form in Section I-Exclusions, B.

The exclusion added may only be used as it relates to a direct loss exclusion header. The company may either amend the base from in Section I-Perils Insured Against or just add the exclusion with the proper header in the endorsement directly.

The endorsements must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability. If the Coverage C limit of liability is applicable than there would be no need to mention another total amount of coverage.

The exclusion for explosion must be removed from AVP614. Loss by explosion is a named peril and may not be excluded in the endorsement.

Objection 6

- Extended Coverage On Cameras Endorsement, AVP585, (Form)
- Extended Coverage On Musical Instruments Endorsement, AVP587, (Form)
- Extended Coverage On Sports Equipment Endorsement, AVP588, (Form)

Comments: The endorsements must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability. If the Coverage C limit of liability is applicable than there would be no need to mention another total amount of coverage.

The exclusion for explosion must be removed from AVP588. Loss by explosion is a named peril and may not be excluded in the endorsement.

Objection 7

- Host Protection Amendatory Endorsement, AVP619, N/A (Form)
- Rental Host Protection, AVP638, N/A (Form)

Comments: Home-sharing is a defined term per the minimum standards. The company may only offer an endorsement as it relates to home-sharing and removing the applicable business exclusions. Home-sharing is a business per the minimum standards.

Otherwise, there would be no exclusion for the exposure and the endorsement would not be necessary. The company is not providing additional coverage with this endorsement as the endorsement does not align with the exclusions specifically outlined in the base form.

There is no exclusion for loss to personal property per the minimum standards except for the property property in the part of the residence premises rented and occupied for home-sharing.

The Bureau always opens the filing material for review as a .pdf. The endorsement still contains bolding of terms which are not defined.

The changes must be made or the endorsement will be disapproved.

Objection 8

- Additional Insured for Condominium Limited Liability Company, AVP633, N/A (Form)

Comments: V. must be removed on page 2. If the policy is issued in the name of the LLC then the cancellation provisions are applicable. The company may not add additional cancellation provisions aside from those set forth in §38.2-2114.

Objection 9

- Green Improvement Reimbursement Endorsement, AVP635, N/A (Form)

Comments: The reference in 2. to D.2.b. still requires amendment to replace 180 days with 6 months pursuant to §38.2-2119B.

Objection Letter

Objection Letter Status	Info requested from Company
Objection Letter Date	03/18/2024
Submitted Date	03/18/2024
Respond By Date	04/05/2024

Dear Deborah Larsen,

Introduction:

Please review the following which requires the company's attention per the minimum standards set forth in Chapter 342 of Title 14 of the Virginia Administrative Code. Please note the company may not deem this filing approved until the Bureau concludes their review.

The company **MUST** handle all claims received for policies renewing after 12/31/2023 as if the company correctly complied with the form filing requirements.

The company must amend the forms and endorsements to either bold defined terms or not. The program should not include a combination of both as is currently the case.

****There will be no objection extension requests granted for this filing.****

Objection 1

- Special Provisions, AVP581, N/A (Form)

Comments: The company must remove the mention of base forms, HO 04, HO 14 and HO 05) from the endorsement which the company has not included with the filing.

Objection 2

- Condominium Owners Policy, AVP580, N/A (Form)

Comments: In the ISO program which the company has based their program upon, HO 23 17 07 23 is a required endorsement. The endorsement modifies the contract from named perils to open perils for Coverage A.

Amend the filing to either include the endorsement referenced or a proprietary version.

Objection 3

- Limited Water Back-Up and Sump Discharge or Overflow Coverage, AVP593, N/A (Form)

- Broadened Water Back-Up and Sump Discharge or Overflow Coverage, AVP594, N/A (Form)

Comments: 1) The company may certainly offer this endorsement, but the endorsement which complies with the required offer of coverage annually pursuant to §38.2-2120 is HO 23 29 07 23.

Please either amend the filing to include the noted endorsement or a proprietary version.

2) If the company intends AVP594 to service as the endorsement which complies with §38.2-2120, 'not caused by the negligence of the insured' must be removed.

'Foundation' must be removed from C.1.b. as the opening will normally be in the foundation.

3) Amend the forms list to detail this endorsement is offered with both the homeowners and the condo base forms.

Objection 4

State: Virginia **First Filing Company:** Allstate Indemnity Company, ...
TOI/Sub-TOI: 04.0 Homeowners/04.0000 Homeowners Sub-TOI Combinations
Product Name: AVPIC AI HO CON MFH
Project Name/Number: Rules Governing Content/RITM05745157

- Personal Property Replacement Cost Loss Settlement, AVP595, N/A (Form)

Comments: Per the minimum standards, C.2. must be amended to replace \$1000 with \$2500.

Objection 5

- Building Structure Replacement Cost Extended Limits Endorsement, AVP607, N/A (Form)

- Building Structure Replacement Cost Extended Limits Endorsement, AVP608, N/A (Form)

Comments: The company may not amend all of 2. with this endorsement. There are additional paragraphs which are still required of AVP581 which would be inadvertently removed. Specifically 2.e. Amend the endorsement to detail the specific paragraphs which are replaced.

Objection 6

- Dwelling in the Course of Construction Endorsement, AVP610, N/A (Form)

Comments: When the company issues a policy on a dwelling which is in the course of construction, the dwelling limit of coverage must be the Coverage A amount for which the company has taken premium for. The company may not place the amount of insurance on a sliding scale in proportion to the completed construction amount. The endorsement must be amended to remove this provision.

Regardless, the loss settlement conditions remain intact. If only 50% of the dwelling is complete, there is only 50% of damage which requires repair or replacement.

It is unclear the company's intent with the theft coverage provided. If the dwelling is completed and occupied, there is coverage available to the insured in the base form and an additional charge should not occur. Perhaps the company intended to use 'or' in place of 'and' when connecting completed and occupied. Please amend the endorsement accordingly.

Objection 7

- Extended Coverage on Cameras Endorsement, AVP612, N/A (Form)

- Extended Coverage on Musical Instruments Endorsement, AVP613, N/A (Form)

Comments: The company may only amend the exclusions of the homeowners form where direct losses are outlined. The exclusion noted could not be added to Section I, B. The exclusion may be added as it relates to Section I-Perils Insured Against.

The exclusion for dampness or extremes of temperature must be amended to include the exclusion does not apply if caused by rain, snow, sleet or hail.

The endorsement must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability.

Objection 8

- Extended Coverage on Sports Equipment Endorsement, AVP614, N/A (Form)

Comments: The company may only amend the exclusions of the homeowners form where direct losses are outlined. The exclusion noted could not be added to Section I, B. The exclusion may be added as it relates to Section I-Perils Insured Against.

The exclusion for dampness or extremes of temperature must be amended to include the exclusion does not apply if caused by rain, snow, sleet or hail.

The exclusion for explosion must be removed. Loss by explosion is a named peril and may not be excluded in the endorsement.

The endorsement must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability.

Objection 9

State: Virginia **First Filing Company:** Allstate Indemnity Company, ...
TOI/Sub-TOI: 04.0 Homeowners/04.0000 Homeowners Sub-TOI Combinations

Project Name/Number: Rules Governing Content/RITM05745157

- Golf Cart Coverage Endorsement, AVP616, N/A (Form)

Comments: Please see AVP581 and correct the section reference noted in D. Section II.

Objection 10

- Host Protection Amendatory Endorsement, AVP619, N/A (Form)

- Rental Host Protection, AVP638, N/A (Form)

Comments: Remove A.9.b.(5) and (6). The exclusions are not permitted per the minimum standards.

'Employees of tenants or members of the tenants' is not a defined term, remove the bolding. The endorsement must be amended to remove all bolding from terms which the company does not define.

The endorsement must be amended to reference the required definitions specific to 'home-sharing' which coverage is being afforded back for. The company may not introduce another term other than 'home-sharing.'

The exclusions must be amended to reference the correct section references in AVP581.

There are specific exclusions to business as found in the minimum standards applicable to Coverage B, but the exclusions the company has included may not apply to Coverage A. The company must amend the exclusions to correctly align the permissible exclusions for business which home-sharing falls within.

****The amendments required of AVP638 are applicable when the referenced objection is present in the endorsement.****

Objection 11

- Property Insurance Adjustment Endorsement, AVP621, N/A (Form)

- Property Insurance Adjustment, AVP637, N/A (Form)

Comments: The endorsement details 'we may increase' the limit of liability. Please clarify if the company will increase or if not why the company would not increase the property insurance adjustment amount but still collect premium for this endorsement.

Objection 12

- Functional Replacement Cost Loss Settlement, AVP629, N/A (Form)

Comments: As a point of clarification as the company is replacing all of 2., does the company intend to pay from first dollar on in the event of a loss? If not, the company must specify how payments are made.

Objection 13

- Additional Insured - Trust, AVP630, N/A (Form)

- Additional Insured - Trust, AVP586, N/A (Form)

Comments: The company may certainly add the trust/trustee as an additional insured but the company may not amend the policy with additional exclusions. Remove section IV.

Objection 14

- Additional Insured for Condominium Limited Liability Company, AVP633, N/A (Form)

Comments: The company may certainly add the LLC as an insured, but the company may not alter the definition of 'insured entirely.' Amend the definition of insured back to the version as outlined in AVP581 and include the LLC accordingly.

As noted in the trust endorsement, the company may not add exclusions when an additional insured is added to the policy. Remove B.

The company may certainly rewrite the policy to remove the LLC as an insured but the company may not flat cancel if the association with the LLC is terminated. Amend V.

Objection 15

- Green Improvement Reimbursement, AVP617, N/A (Form)
- Green Improvement Reimbursement Endorsement, AVP635, N/A (Form)

Comments: Both endorsements must be amended to correctly detail the provisions as set forth in §38.2-2119B. Amend the loss settlement conditions accordingly.

Objection 16

- Manufactured Home Agreed Value Loss Settlement Endorsement, AVP642, N/A (Form)

Comments: The endorsement must be amended to correctly outline the provisions as set forth in §38.2-2119B.

Objection 17

Comments: Please confirm the company intends to replace the entire previously filed programs with the forms and endorsements filed within this filing.

The previous program contained a deluxe policy and renters, for example, with Allstate Indemnity.

Amend the filing to include complete forms list for each company.

****Please note, for future filings, if the exact same forms are not used for Allstate Indemnity and Allstate Vehicle and Property Insurance, separate filings are required.****

Objection 18

- Certification of Compliance (14VAC5-342-10 et seq) (Supporting Document)

Comments: The company has completed the incorrect certificate of compliance. The filing must be amended to include the correctly signed certificate, for both companies, as the filing pertains to Chapter 342.

Dear Jessica Baggarley,

Introduction:

Good afternoon, Jessica.

Response 1

Comments:

Thank you so much for reopening this filing. Attached please find our Objection Response and updated Forms Guide; we will no longer utilize form AVP593 (limited water back-up) and that form has been withdrawn from the filing. We will be replacing that form with AVP594 (broadened water back-up).

We are asking that the claims information request be separated from this filing. We are engaging multiple teams for data support to gather the relevant information and will provide an estimate for the time required to fulfill your request for this information as soon as possible.

Please contact me if you have questions or need additional information.

Related Objection 1

Applies To:

- Forms Guide (Supporting Document)

Comments: The company has provided information that it is possible water back up claims have been denied when the origination of the back up did not take place on the residence premises.

As set forth in §38.2-2120, there is no origination limitation outlined by the statute. The statute specifically speaks to the coverage which must be provided for the loss specified. The company may not restrict coverage which is not detailed by the Code of Virginia.

AVP594 must be offered to all owner-occupied homeowners and the insured may always elect to choose AVP593 instead. With the company's response, the forms list must be updated.

Furthermore, with the company's response, please provide the count from the last 5 years of claims which were denied based on the company's interpretation of origination. The company must submit an outline of the claims process utilized to investigate the matter of origination as well as onsite inspections or vendors utilized to determine the same.

Comments: Please reference the company's endorsement AVP581. The company has only amended 2.a.(1) currently within the two building structure endorsements, which then leaves 2.a., b. and c. still in AVP 581.

The company appears to be removing the threshold of 80% insurance to value requirement, which is acceptable, to provide the insured the coverage for up to 120%. The company may retain the 100% requirement for this broadened coverage in A. but must correctly remove the conflicting sections from AVP 581.

The order of attachment must work so the percentages outlined in AVP 581 are not applicable when this endorsement is attached.

Comments:

Attached please find our Objection Response, revised Forms and their Tracked Changes versions, as well as an updated Forms Guide. The Response also addresses your Note regarding page numbers. Please contact me if you have questions or need additional information.

Related Objection 1

Applies To:

- Credit Card Electronic Fund Transfer Card or Access Device Forgery and Counterfeit Money Coverage, AVP643, N/A (Form)

Comments: It appears the HO 00 04 form is not offered by any of the underwriting companies whose programs have been filed currently. If this form will not be offered, the endorsement must be amended to remove the mention of the same.

****Please double check all endorsements the company has submitted to verify there is no mention of base forms or endorsements which the company does not intend to offer in any of the Group's underwriting companies.****

Related Objection 3

Applies To:

- Building Structure Replacement Cost Extended Limits Endorsement, AVP607, N/A (Form)
- Building Structure Replacement Cost Extended Limits Endorsement, AVP608, N/A (Form)

Comments: It appears the company may intend to also amend 2.a.

2.a. details the 80% insurance to value requirement but it appears the company will require a 100% insurance to value requirement as outlined in A. of the endorsement.

Related Objection 4

Applies To:

Product Name:AVPIC AI HO CON MFH
Project Name/Number:Rules Governing Content/RITM05745157

Comments: When the company issues a policy on a dwelling which is in the course of construction, the dwelling limit of coverage must be the Coverage A amount for which the company has taken premium for. The company may not place the amount of insurance on a sliding scale in proportion to the completed construction amount. The endorsement must be amended to remove this provision. This is a required change.

Regardless, the loss settlement conditions remain intact. If only 50% of the dwelling is complete, there is only 50% of damage which requires repair or replacement.

The coverage for theft must be amended in the 2nd to last paragraph. There is coverage in the base form for theft when the dwelling is completed and occupied already.

- Extended Coverage on Musical Instruments Endorsement, AVP613, N/A (Form)
- Extended Coverage on Sports Equipment Endorsement, AVP614, N/A (Form)

Comments: The endorsements still require amendment where the exclusion is referenced. The endorsement may not amend the exclusion in the homeowners form in Section I-Exclusions, B.

The exclusion added may only be used as it relates to a direct loss exclusion header. The company may either amend the base form in Section I-Perils Insured Against or just add the exclusion with the proper header in the endorsement directly.

The endorsements must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability. If the Coverage C limit of liability is applicable than there would be no need to mention another total amount of coverage.

The exclusion for explosion must be removed from AVP614. Loss by explosion is a named peril and may not be excluded in the endorsement.

Related Objection 6

Applies To:

- Extended Coverage On Cameras Endorsement, AVP585, (Form)
- Extended Coverage On Musical Instruments Endorsement, AVP587, (Form)
- Extended Coverage On Sports Equipment Endorsement, AVP588, (Form)

Comments: The endorsements must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability. If the Coverage C limit of liability is applicable than there would be no need to mention another total amount of coverage.

The exclusion for explosion must be removed from AVP588. Loss by explosion is a named peril and may not be excluded in the endorsement.

Comments: Home-sharing is a defined term per the minimum standards. The company may only offer an endorsement as it relates to home-sharing and removing the applicable business exclusions. Home-sharing is a business per the minimum standards.

Otherwise, there would be no exclusion for the exposure and the endorsement would not be necessary. The company is not providing additional coverage with this endorsement as the endorsement does not align with the exclusions specifically outlined in the base form.

There is no exclusion for loss to personal property per the minimum standards except for the property property in the part of the residence premises rented and occupied for home-sharing.

The Bureau always opens the filing material for review as a .pdf. The endorsement still contains bolding of terms which are not defined.

The changes must be made or the endorsement will be disapproved.

Response Letter

Response Letter Status	Submitted to State
Response Letter Date	04/05/2024
Submitted Date	04/05/2024

Dear Jessica Baggarley,

Introduction:

The company MUST handle all claims received for policies renewing after 12/31/2023 as if the company correctly complied with the form filing requirements.

Response:
As Allstate will not be implementing rates and form filings until later this year, we are not able to handle claims received for policies renewing after 12/31/2023 as if the company correctly complied with the new law requirements. Current customers have not yet received new policy language and handling claims differently than the current contract language poses several potential issues. First and foremost, we are concerned about maintaining a seamless customer experience and not creating customer disruption by deviating in our claims handling from the current contract language. There is also potential for bad faith claims to arise, along with potential litigation issues. We also have concerns that Market Conduct issues could arise in the future by operating in a different manner than the current policy and contract language. While we always consider the direction and guidance from the Bureau of Insurance, in this case we are concerned about the potential issues this directive would create. We truly appreciate our current partnership and look forward to a strong working relationship moving forward. We are also willing to meet and discuss further to ensure a consensus solution and approach. The company must amend the forms and endorsements to either bold defined terms or not. The program should not include a combination of both as is currently the case.

Response:
The forms should display with the correct bolding if they are opened in a PDF program, such as Adobe. If they are opened in a web browser, such as Edge, they will not display correctly. If this is a continued issue, we can attempt other methods to ensure the reviewers can view the forms properly.

Response 3
Comments:
AVP593 and AVP594 are modified versions of their ISO counterparts and contain all of the language of those forms (HO 23 22 07 23 and HO 23 29 07 23, respectively).
The forms should reflect the corrected language, this was missed utilizing an incorrect ISO form.
Water cannot and does not back-up or overflow from a foundation, that is seepage, and a completely different form of coverage from what this endorsement covers. This endorsement covers water that backs up from a drain hole or sump pump overflow or discharge, This request for a language change is not included on the approved ISO form.
The new SERFF schedules included with the objection response include the forms per each line and company as well as the forms they replaced including the relevant Water Back-Up forms.

Response 6

Comments:

This form has minor edits from the original, approved form: AVP22-1 ALSE-129973482 filed 3/12/15, approved 4/15/15 F11164. The changes involved were made to blend with the ISO policy jacket and no substantive change from the previously approved form is intended.

There is no additional premium charge for this coverage. When construction is performed on a dwelling, the completed value of the dwelling should increase, but there are potential gaps in coverage during construction which this endorsement is intended to fill, including an increase of value until the full, new value can be rated on after completion. A dwelling may be most susceptible to theft during construction which could involve actions by the insured that may not be considered a reasonable amount of due diligence on their part to protect their property (walls removed, doors removed, etc.). Outside of normal theft parameters which would not be covered had there been no construction, this provides extra protection for the insured.

Insureds can move out of a dwelling during construction which can last for an extended period. This involves potentially a new primary residence as a result. The use of and is correct to reinforce that the construction is well and truly completed (construction can be completed but other actions such as inspections, moving, or cleaning and the like can still occur prior to the insured moving back in).

Related Objection 6

Applies To:

- Dwelling in the Course of Construction Endorsement, AVP610, N/A (Form)

Comments: When the company issues a policy on a dwelling which is in the course of construction, the dwelling limit of coverage must be the Coverage A amount for which the company has taken premium for. The company may not place the amount of insurance on a sliding scale in proportion to the completed construction amount. The endorsement must be amended to remove this provision.

Regardless, the loss settlement conditions remain intact. If only 50% of the dwelling is complete, there is only 50% of damage which requires repair or replacement.

It is unclear the company's intent with the theft coverage provided. If the dwelling is completed and occupied, there is coverage available to the insured in the base form and an additional charge should not occur. Perhaps the company intended to use 'or' in place of 'and' when connecting completed and occupied. Please amend the endorsement accordingly.

Response 7

Comments:

We believe the concern is partially on our end. We overlooked the compatibility with the three extended coverage forms and the new condo policy jacket. Three, separate versions were created for the condo line (AVP585, AVP587, and AVP588).

The dampness and extreme temperatures exclusion is specific to the items covered here as this coverage is intended for items that have a value which exceeds what would typically be covered in a standard policy. The exclusion is also specifically called out because of the effect these conditions can have on more valuable items. We added a carve out to the forms for rain, snow, sleet, or hail despite those not being the intention for the exclusion.

We believe the language clearly states that the coverage C limit is the bare minimum. However, in no event will coverage be less than what would have applied in the absence of Extended Coverage On

Related Objection 7

Applies To:

- Extended Coverage on Cameras Endorsement, AVP612, N/A (Form)
- Extended Coverage on Musical Instruments Endorsement, AVP613, N/A (Form)

Comments: The company may only amend the exclusions of the homeowners form where direct losses are outlined. The exclusion noted could not be added to Section I, B. The exclusion may be added as it relates to Section I-Perils Insured Against.

The exclusion for dampness or extremes of temperature must be amended to include the exclusion does not apply if caused by rain, snow, sleet or hail.

The endorsement must be amended to more clearly outline the limit will be no less than the Coverage C limit of liability.

Comments:

The response for objection 7 applies here as well. The difference being the explosion exclusion. This exclusion is specific here to Sports Equipment, as this can include ammunition and other weaponry which can result in explosions that go beyond what is intended to be covered by an explosion. The customer voluntarily introduced a volatile substance to their dwelling which added extra risk that can disproportionately destroy property.

The requested change should be reflected in the updated forms.

If the forms are opened in Adobe, not a web browser, the forms will display correctly, and the bolding should display correctly.

References to Home Hosting have been replaced with Host Protection to better reflect the coverage name and not to be confused with a defined term.

The Theft section has been removed entirely as it is now redundant with the requested change.

We believe the changes made to the forms should now fall in line with the requested exclusion updates for this extra layer of protection for customers.

- Rental Host Protection, AVP638, N/A (Form)*

Comments: Remove A.9.b.(5) and (6). The exclusions are not permitted per the minimum standards.

'Employees of tenants or members of the tenants' is not a defined term, remove the bolding. The endorsement must be amended to remove all bolding from terms which the company does not define.

The endorsement must be amended to reference the required definitions specific to 'home-sharing' which coverage is being afforded back for. The company may not introduce another term other than 'home-sharing.'

The exclusions must be amended to reference the correct section references in AVP581.

There are specific exclusions to business as found in the minimum standards applicable to Coverage B, but the exclusions the company has included may not apply to Coverage A. The company must amend the exclusions to correctly align the permissible exclusions for business which home-sharing falls within.

The amendments required of AVP638 are applicable when the referenced objection is present in the endorsement.

Comments:

This endorsement is included with a base policy and does not incur any additional premium. The increase to the insurable value of a property can result in an increase to overall premium.

Related Objection 11

Applies To:

- Property Insurance Adjustment Endorsement, AVP621, N/A (Form)
- Property Insurance Adjustment, AVP637, N/A (Form)

Comments: The endorsement details 'we may increase' the limit of liability. Please clarify if the company will increase or if not why the company would not increase the property insurance adjustment amount but still collect premium for this endorsement.

Response 12

Comments:

Yes, if a customer has this endorsement, Allstate will pay from dollar one in the event of a loss. It is an alternative replacement cost option for older homes.

Related Objection 12

Applies To:

- Functional Replacement Cost Loss Settlement, AVP629, N/A (Form)

Comments: As a point of clarification as the company is replacing all of 2., does the company intend to pay from first dollar on in the event of a loss? If not, the company must specify how payments are made.

Comments:

These exclusions are only relevant when a Trust is added to the policy. These do not apply to an individual insured and the exclusions are only relevant to a trust or trustee.

Related Objection 13

Applies To:

- Additional Insured - Trust, AVP630, N/A (Form)
- Additional Insured - Trust, AVP586, N/A (Form)

Comments: The company may certainly add the trust/trustee as an additional insured but the company may not amend the policy with additional exclusions. Remove section IV.

Response 14

Comments:

The only portion of the insured definition that deviates from AVP581 is the addition of the LLC definition to insured.

Similar to the trust/trustee scenario in the Additional Insured Trust forms, these exclusions are only relevant to the LLC being present on a policy. These do not apply to an individual insured and are only relevant to an LLC.

The section referenced here is now VI as there was an error in the numbering of sections. The cancellation provision is relevant to when the LLC is the sole owner of the property (i.e., the LLC is the sole titled owner of the property). If

the insured is no longer associated with the LLC, they no longer have an insurable interest in the property, resulting in the policy no longer being relevant.

Related Objection 14

Comments: The company may certainly add the LLC as an insured, but the company may not alter the definition of 'insured entirely.' Amend the definition of insured back to the version as outlined in AVP581 and include the LLC accordingly.

As noted in the trust endorsement, the company may not add exclusions when an additional insured is added to the policy. Remove B.

The company may certainly rewrite the policy to remove the LLC as an insured but the company may not flat cancel if the association with the LLC is terminated. Amend V.

Response 15

Comments:

The Green Improvement Reimbursement endorsement provides additional coverage on top of the replacement cost value of the item, if the endorsement is on a policy. The limits imposed for green improvement (i.e., 20% of the replacement cost of the damaged, destroyed, or stolen covered item) are imposed on top of the replacement cost value of the item.

Related Objection 15

Applies To:

- Green Improvement Reimbursement Endorsement, AVP635, N/A (Form)
- Green Improvement Reimbursement, AVP617, N/A (Form)

Comments: Both endorsements must be amended to correctly detail the provisions as set forth in §38.2-2119B. Amend the loss settlement conditions accordingly.

Comments:

Good afternoon, Jessica.

Please accept my apologies. When submitting our most recent Objection Response, I incorrectly removed form AVP583 (Hurricane Deductible), and should have removed form AVP593 (Limited Water Back-Up and Sump Pump Discharge or Overflow). I have corrected this error, by readding form AVP583 and removing form AVP593.

Please contact me if you have questions or need additional information. Thank you.

Respectfully,

Deborah Larsen

Water Back Up- Claim Denial Policy Count

Comments:

The company has provided information that it is possible water back up claims have been denied when the origination of the back up did not take place on the residence premises.

As set forth in §38.2-2120, there is no origination limitation outlined by the statute. The statute specifically speaks to the coverage which must be provided for the loss specified. The company may not restrict coverage which is not detailed by the Code of Virginia.

The company must provide the count from the last 5 years of claims which were denied based on the company's interpretation of origination by 09/27/2024. The company must submit an outline of the claims process utilized to investigate the matter of origination as well as onsite inspections or vendors utilized to determine the same.

Request to Change Effective Dates of Filing

Comments:

Good afternoon, Jessica.

We appreciate the partnership from the bureau in reviewing Allstate's pricing and contract filings to comply with the law changes. As we continue to work internally with systems and technology, we will need to move the effective date back to 11/28/24 to ensure that changes are implemented accurately to comply with the law and provide a positive customer experience for our policyholders. I have submitted a Post Submission Update reflecting the new dates.

Please contact me if you have questions or need additional information.
