Filing Description:

We are submitting our combination of ISO forms, modified ISO forms, and proprietary forms for compliance with the changes stemming from the recent law change in Virginia regarding Fire Insurance.

This filing includes a reference table for the reviewers indicating which form is an ISO form, modified from ISO, and proprietary. All forms have been reassigned an Allstate-specific form number regardless of that form being proprietary or ISO. Most proprietary forms are based on previously approved Allstate forms.

This filing was worked on prior to the objections received for the previous filing. As such, many of the changes requested in those objections may still hold into these forms. We apologize for any duplication of work, and we are already working on ensuring the changes from those objections will be reflected in these forms.

Request to Change Effective Dates

Comments:

Good afternoon, Jessica.

We appreciate the partnership from the bureau in reviewing Allstate's pricing and contract filings to comply with the law changes. As we continue to work internally with systems and technology, we will need to move the effective date back to 11/28/24 to ensure that changes are implemented accurately to comply with the law and provide a positive customer experience for our policyholders. I have submitted a Post Submission Update reflecting the new dates.

Please contact me if you have questions or need additional information.

Respectfully,

Deborah Larsen
