Filing Description:

With this filing, information is provided to support a 11.8% overall rate change (includes underlying rate change as well as the revision of the distinct charge to cover the hurricane portion of the net cost of reinsurance) in Allstate Vehicle and Property Insurance Company (AVPIC) for the Homeowners – Owner Occupied Homeowners (HO) program in the Commonwealth of Virginia. The net cost of reinsurance is equal to the expected reinsurance premium less expected reinsurance recoveries under the contract.

Allstate's revised reinsurance cost will be reflected by revising the Net Cost of Reinsurance Rate Adjustment Factor in the rate calculation for the Owners program. The revised Net Cost of Reinsurance Rate Adjustment Factor will apply to the calculation of the reinsurance charge for all policies and will therefore have the same effect as a reinsurance base rate change. Because the same Net Cost of Reinsurance Rate Adjustment Factor will apply to the calculation of all reinsurance charges, this filing will not change the relative level of the charges by zone, construction type, or deductible.

The proposed change to the Net Cost of Reinsurance Rate Adjustment Factor is 54.2%, which represents the impact to the distinct charge to cover the hurricane portion of the net cost of reinsurance in Allstate Vehicle and Property Insurance Company for the Owners program in the Commonwealth of Virginia.

The overall rate level change has been achieved through revision of Rate Adjustment Factors, Rate Level Factors, Deductible Factors, Momentum Factors, Based Fixed Expense Premium, Additive Fixed Expense Amount, and the Retained Risk Provision Rate Adjustment Factor. Further information regarding these changes can be found in the enclosed attachments.

This change will apply to new business written on or after December 2, 2024 and for renewals effective on or after January 16, 2025.
