Filing Description:

In previous conversations with the BOI, primarily via SERFF Filing ALSE-134076211, Allstate committed to submitting a future filing in which two outstanding concerns that were raised will be addressed. Those two concerns are summarized below, along with a description of Allstate's intended solution. Please note that while the work on this has begun, we do not yet have all the details such as the exact timing for when the implementation of the changes will be possible, but we are working towards that as quickly as possible. We are opening this filing now as an informational-only filing and are intending to use it as a means of keeping the Bureau apprised and up-to-date on the details of the systems project as we have them.

1) The Bureau has required that the Accident Surcharge Program (Rule 13) be revised. At the BOI's request, Allstate intends to exclude a permissive driver if they are a principal operator insured on another policy.

2) The Bureau has required that the Accident Surcharge Program (Rule 13) be revised. Allstate intends to clarify the term "any accidents" to reflect compliance with §38.2-1904 and §38.2-1905.
