Filing Description:

With Amendment #1, Allstate is correcting a typographical error to the \$1000/\$3000 Wind/Hail Maximum Deductible Credit in the Deluxe Manual.

With this filing, information is provided to support a 16.1% overall rate change (includes underlying rate change as well as the revision of the distinct charge to cover the hurricane portion of the net cost of reinsurance) in Allstate Indemnity Company (AI) for the Homeowners – Owner Occupied Homeowners (HO) program in the Commonwealth of Virginia. The net cost of reinsurance is equal to the expected reinsurance premium less expected reinsurance recoveries under the contract.

Allstate's revised reinsurance cost will be reflected by revising the Reinsurance Rate Adjustment Factor in the rate calculation for the Owners program. The revised Reinsurance Rate Adjustment Factor will apply to the calculation of the reinsurance charge for all policies and will therefore have the same effect as a reinsurance base rate change. Because the same Reinsurance Rate Adjustment Factor will apply to the calculation of all reinsurance charges, this filing will not change the relative level of the charges by zone, construction type, or deductible.

The proposed change to the Reinsurance Rate Adjustment Factor is 27.6%, which represents the impact to the distinct charge to cover the hurricane portion of the net cost of reinsurance in Allstate Indemnity Company for the Owners program in the Commonwealth of Virginia.

The overall rate level change has been achieved through revision of the Rate Adjustment Factor, Reinsurance Rate Adjustment Factor And Max Deductible Credit Factors. Further information regarding these changes can be found in the enclosed attachments.

This change will apply to new business written on or after 12/2/2024 and for renewals effective on or after 1/16/2025.

Dear Deborah Larsen,

Introduction:

Thank you for your submission. The following issues will require your attention.

Objection 1

- Manual Pages, HORC-1; HORC-2; HORC-3; DERC-1; DERC-2; DERC-3; DPRC-1; DPRC-2; DPRC-3 (Rate)

Comments: Please clarify for what program HORC-1 through HORC-3 is used. DERC and DPRC appear to comprise the company's homeowner program, while Condo and Renters have separate Rate Calculation pages.

If HORC is no longer used, please submit updated package premium pages for all the company's programs (with a separate document for each program) to supersede the "standard" forms which the company no longer appears to use.

Objection 2

Comments: Per the disposition in ALSE-134207730, the company was asked to submit a new and complete manual which removed the reference to homeowners from the current manual titled "homeowners insurance manual" and specify that manual was a renters and condo manual only. The deadline for this submission was on or before 12/01/24.

The company must provide a specific date by which such a filing will be submitted to the Bureau.

Conclusion:

Should you have any questions, please feel free to contact me at flora.worthington@scc.virginia.gov.

Sincerely,

Flora Worthington

TOI/Sub-TOI: 04.0 Homeowners/04.0003 Owner Occupied Homeowners

Project Name/Number: RC/RITM06292126

Filing Description:**Requested Value:**

With Amendment #1, Allstate is correcting a typographical error to the \$1000/\$3000 Wind/Hail Maximum Deductible Credit in the Deluxe Manual.

With this filing, information is provided to support a 16.1% overall rate change (includes underlying rate change as well as the revision of the distinct charge to cover the hurricane portion of the net cost of reinsurance) in Allstate Indemnity Company (AI) for the Homeowners Owner Occupied Homeowners (HO) program in the Commonwealth of Virginia. The net cost of reinsurance is equal to the expected reinsurance premium less expected reinsurance recoveries under the contract.

Allstates revised reinsurance cost will be reflected by revising the Reinsurance Rate Adjustment Factor in the rate calculation for the Owners program. The revised Reinsurance Rate Adjustment Factor will apply to the calculation of the reinsurance charge for all policies and will therefore have the same effect as a reinsurance base rate change. Because the same Reinsurance Rate Adjustment Factor will apply to the calculation of all reinsurance charges, this filing will not change the relative level of the charges by zone, construction type, or deductible.

The proposed change to the Reinsurance Rate Adjustment Factor is 27.6%, which represents the impact to the distinct charge to cover the hurricane portion of the net cost of reinsurance in Allstate Indemnity Company for the Owners program in the Commonwealth of Virginia.

The overall rate level change has been achieved through revision of the Rate Adjustment Factor, Reinsurance Rate Adjustment Factor And Max Deductible Credit Factors. Further information regarding these changes can be found in the enclosed attachments.

This change will apply to new business written on or after 12/2/2024 and for renewals effective on or after 1/16/2025.
